

## **August 2010 Newsletter**

---

### **Championship**

With only three more rounds to go in this year's Championship some classes are extremely close. Dropped rounds are going to be a big factor in the final result in several of the classes. As a reminder drivers who have been black flagged for incidents related to driver safety cannot drop that round from the final Championship table. Should you have any queries regarding championship points please contact KNE by the end of the month you wish to query.

### **Summer Holidays**

During the summer holidays we have introduced specific times for owner driver practice. The kart shop will be open during the exclusive practice sessions should you require any assistance or spares.

**Sundays** – Exclusive owner driver testing will continue on Sundays from 8am to 2pm (except race day on first Sunday and Thunderkart Challenge on third Sunday). Kart shop open.

Tuesdays – Practice may be available between hire kart sessions. Subject to availability. Please check with circuit prior to arrival.

**Wednesdays** - Exclusive Practice 10:30am to 4pm. Kart shop open.

**Thursdays** – Exclusive Practice 4pm to 9pm. Kart shop open.

Saturdays – Will continue with 10 minute sessions per hour between hire kart races. No cadets.

No practice will be available on Mondays or Fridays.

### **Kart Lockers**

We have a limited number of kart lockers still available, with monthly charges ranging from £25 to £35 depending on height from the ground. Please contact reception or speak to Anton in the kart shop should you be interested in locker storage. May we ask that anyone with a locker ensures that payment is up to date and informs KNE when wishing to remove your kart, to ensure that the lockers are made available to new karters when required.

### **Kart Shop**

Anton has a range of new and pre-owned karts available, and on request karts can be sourced to suit your needs. Please contact the shop on 0191 5214050 to discuss your requirements.

### **Introducing New Junior Drivers to Karting**

During the summer holidays we are running a special offer for juniors who want to try karting for the first time. As these new drivers may potentially become our future owner drivers, we are keen to encourage more juniors to race to help maintain and grow our grids.

### *"Ready to Race" Summer Special*

- Induction Session on Junior Circuit followed by 15 Mins Arrive & Drive on the adult race circuit
- Everything you need to start racing at KNE for only £37pp
- PLUS receive £10 off your first junior race.

Please contact the circuit for details.

**If you have any comments, complaints or suggestions please email them to [ian@kartingnortheast.com](mailto:ian@kartingnortheast.com). You will always get a response to any point raised regarding KNE, its staff or events. Thanks for your continued support.**

Apologies for the newsletter being brief. Ian is currently on holiday but will respond to your comments or suggestions on his return.
