November Race Day

Driving standards were in general very good with the paramedic once again being left redundant, with not even so much as a bee sting to treat this month.

Driver of the day was awarded to James Baker who competed in his first race day and showed great potential as he kept up with the pace and finished in fifth position in the final.

After an enquiry into the Mini Max final the finishing positions stand at Connor Toghill in first and C.J Smith in second. A reminder to all drivers that during the rolling lap you must aim to stay in position that you

Left the dummy grid. Make a note of the driver in front and beside you, if a driver disappears you must leave a suitable gap until you have crossed the start line.

Should you have any suggestions for next year please contact the club. We welcome any suggestions that may improve the race day, however please state suggestions now and not half way through next season!
